

# How to Handle and Dispose of Waste?

Recycle more,  
dump less, save more!

## 1 Coordinate the waste charging arrangements with waste collectors / cleansing contractors / residents' organisations

### Charging by Designated Bags/Labels

### Charging by Weight

## 2 Discuss charging arrangements with owners' corporations / residents' organisations

### Purchase by PMC

Open an account to buy designated bags in bulk on behalf of residents

### Purchase by residents

### Apportion "Gate-fee"

Based on the quantity of garbage bags used

Based on the weight of waste

## 3 Promote the charging mode to households and assist frontline staff / households in getting ready

Display signage for communal waste reception areas

Provide guidelines to frontline staff

Prepare training materials

Apportion expenses for handling non-compliant waste and waste in common areas

Conduct regular inspections and report non-compliant cases

Enhance recycling facilities and collection arrangements
